

## 2009 JSSGS 8<sup>th</sup> Congress

JSSGS which was founded in June 2002, has worked for the development of sport gender studies, and the restructuring of the academic study of sport and physical education. To achieve these goals we hold periodical conferences; publish research journals; and release information on our webpage.

In July 2005 JSSGS changed its Japanese name and our operations are bigger than before. We hope that we can have researchers, educators, administrators, sport coaches, athletes, sport fans, as well as students in sport related majors in our eighth conference which will be held as follows:
